# THE TWENTY SEVENTH ANNUAL REPORT

OF THE

COMMITTEE OF MANAGEMENT

OF THE

## Stawell Hospital and Benevolent Asylum.

FOR THE HALF YEAR, TO 31<sup>ST</sup> DECEMBER, 1885.

*To the Governors, Subscribers, and Contributors of the Stawell Hospital and Benevolent Asylum.*

“The Committee surrender the trust vested in them twelve months ago, venturing to believe that their management of the affairs of the Institution has met with some measure of acceptance from its many friends. The six months now reported on have been largely uneventful, the machinery of the charity having worked with a good deal of smoothness.

“The number of in-patients for that time as compared with the last six months of 1884, are as 146 to 109, an increase of 37; and the out-patients have been 155 for 1885, as against 103 for 1884, an increase of 52; a fact which the Committee submit as a convincing evidence of the popularity of the Institution.

“It is reported with regret that there has been a falling off in the subscriptions for the past year, of £32 15s 9d.

“The expenditure shows £892 16s 8d for the last half-year, as against £845 6s 6d for the last six months of the previous year, not a large increase looking at the additional number of patients.

“The Committee do not yet know what amount of Government aid will be available for the year 1885-6, but they believe that half the amount given will require to be raised by local contributions, therefore those friends who have not yet paid their subscriptions are earnestly urged to make their givings as liberal as possible.

“The Committees of some of the neighbouring Hospitals are

endeavoring to get the Borough and Shires of their districts, to give a certain per centage of their rates towards the maintenance of their charities, and thus do away with private subscriptions, and make their support fall proportionately on all the ratepayers. This Committee think it wise to wait a little to see the result of this effort, before recommending its adoption in the case of this Institution.

“There have been sixteen deaths during the half-year, a somewhat large death-rate, but this is in some measure explained by the admission of many aged and infirm persons as benevolent patients, and also by the unusually large number of cases brought in when almost in a dying state.

“The Committee record with much satisfaction, that the Government Inspector gave a very favorable report of our Institution after a careful examination into its working, in October last. They also report that Mr. Thomas Wright, formerly, of Stawell, was made a Life Governor, by presenting a donation of £25; and Messrs. Duncan E. M’Kellar, Thomas M’Kellar, and Robert J. Jeffray, obtained the same distinction as executors of the will of the late Duncan M’Kellar, Esq., in which the handsome legacy of £1000 was left to this Institution.

“The Committee regret to report that through an oversight in not sending in some papers to the Official Liquidator of the late Oriental Bank Corporation, the dividends declared payable have not yet been received.

“Your best thanks are due to the Proprietors of the *Argus*, *Ballarat Star*, *Ararat Advertiser*, *Pleasant Creek News*, and *Once a Month*, the local agents of the *Weekly Times* and *Leader*, and those friends who sent presents of various sorts to the patients.

“The reports will not be published this year till after the July meeting, when the usual statistics will be furnished.

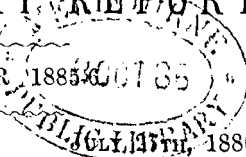

“We now request you to appoint our successors, and bespeak for them and the Institution in their charge, the kindest and most generous dealing possible for you to bestow, that the aged may find a home beneath its friendly roof, and the suffering relief under its skilful treatment.

“RICHARD D. OLLARD,

“PRESIDENT.”

## SUPPLEMENTARY REPORT.

FOR THE YEAR 1885-86

*To the Governors, Subscribers, and Contributors of the Stowell  
Hospital and Benevolent Asylum.*

"Since your annual meeting in January last, the arrangements of your Institution have gone on in a satisfactory manner, and the various interests thereof we are happy to report, are as prosperous and flourishing as we could reasonably expect them to be, considering the general depression existing in Mining, Agricultural, and Pastoral Industries throughout the district.

"To illustrate the fact that the wide-spread reputation for usefulness which your Institution has enjoyed for years, has in no way diminished, we may state there has been a decided increase in the number of patients attending your Hospital for the past year, as the following particulars will show:—The number of in-patients for the year has been 281, as against 224 for the previous year, making the daily average  $43\frac{1}{2}$ , as against  $36\frac{1}{2}$ ; and of out-patients 283, as against 231, and the total attendances on them 1619, as against 1367.

"The death rate continues low, there having died 28 in-patients, as against 25 the previous year. Several of the deaths were Asylum cases, caused by debility and old age.

"The financial affairs of the Institution, we are happy to report, are highly satisfactory. The year commenced with a debit balance of £224 1s. 9d., and ended with a credit balance of £89 14s. 9d. The private subscriptions have increased, the amounts being for the year 1884-85, £493 12s. 6d., and for 1885-86, £526 3s., without including £50 interest on Mr. McKellar's legacy.

"In consequence of the large influx of visitors to the Town during the Easter holidays, the opportunity was deemed fitting to hold an extra Hospital Sunday in aid of the Funds of the Institution. The same was done by a Service being held in the Reserve on Easter Sunday. The attendance of the public was large, and the collection good, the result being that the sum of £26 4s 5d. was realised. We cannot close these remarks without giving praise to Mr. T. Y. Smith, who originated the idea.

“The total loss to the Institution through the failure of the Oriental Bank, amounts to £95 3s. 4d. The Committee deemed it best in the interest of the Institution to accept the offer of 18s. in the £, made by the New Oriental Bank for the amount of their claim, and so end the matter.

“Amongst expenditure, some heavy items have been incurred by adopting the earth-pan system for closets, instead of deep cesspits, which the Committee had to do by order of the Government, notwithstanding the cesspits, as constructed, were considered the best by the Committee.

“The Committee beg to express its regret at the resignation of office by your Treasurer, Mr. James Rickard, that gentleman having held the appointment with credit to himself and the Institution for a period of 13½ years. It will now be necessary for you to appoint his successor.

“The Resident Surgeon, Dr. Fleming, made application for an increase of salary or the privilege of unlimited private practice. The Committee, after careful consideration, and in view of the increase of his duties for the past year, decided to increase the salary of the Medical Officer, by the addition of £100 per annum, and trust that the majority of you will approve of such action.

“The Committee report, with pleasure, that the name of Mr. C. A. Akins has been added to the list of Life Governors, at the request of the Victorian Order of Rechabites, who donated the handsome sum of £25 to the Funds of the Charity.

“To the Honorary Surgeons, Drs. W. H. Syme, and R. N. Jack, your best thanks are due for their prompt and valuable services to the Hospital; also, to the proprietors and agents of various newspapers and periodicals, who have contributed gratuitously to the comfort of the patients by the regular supply of their publications.

“In conclusion, the Committee submit the Balance-sheet, Auditors Report, and various statistics for the past year, and earnestly hope that the claims of this Charity will still be recognised to their fullest extent by all classes of the community, so that it may continue in such a position as will enable it to cope with all claims fairly made upon it for assistance by the suffering, sick, aged and infirm, when in distress.

“STEPHEN WILLIAMSON,

“PRESIDENT.”
